take great pleasure to invite you
to the International Conference

Unlocking New Mindsets in Education

5-7 May 2023, Braşov

The Conference has 2 sections dedicated to teachers of **English and French** with activities focusing on ELT/FLE delivered in either English or French. The two sections have common activities related to the psycho-pedagogical aspects of the teaching & learning process, which make the foundation responsible for reaching the necessary skills and abilities that lead us and our students to successful educational achievements and, generally, to wellbeing in life.

These activities will be held in Romanian in the first part of the conference and can also be attended by teachers of subjects other than English and French who are welcome to join us on Friday afternoon and spend the rest of the weekend relaxing and joining us for dinners and the trip to Bran Castle.

Conference Sections:

Section I: Unlocking New Mindsets in ELT – addressing teachers of English.

Section II : Repenser l'apprentissage de la Langue Française – addressing teachers of French.

We have prepared for you and your fellow French and other subject teachers an **edutainment weekend in Brasov**. This year is special to us as we celebrate 20 years of using Express Publishing ELT materials in Romania and we welcome Trait d'Union in Romania with new FLE materials for teaching and learning French. We have learnt and flourished together, and we look forward to spending an inspirational weekend together.

The Conference programme starts on Friday, 5th May, at 14:00 (Registration from 13:00). Certificates of attendance attesting 16 hours of teacher training will be offered to all participants in collaboration with CCD Braşov. Please plan your trip to be at the Conference venue before 13:00 and take the opportunity of attending all our thought-provoking sessions!

The festive dinner party in the Blue Night Club of Aro Palace Hotel and the trip to Bran Castle on Sunday morning together with our amazing guest trainers will make the perfect blending of learning and relaxation.
