

## **READING & WRITING TARGETS**

**Virginia Evans & Jenny Dooley**

EDITIE REVIZUITA 2011

### **PROPUNERE DE CURS OPTIONAL PENTRU GIMNAZIU**

**(clasele a VI-a - a VIII-a – L1)**

### **ARGUMENT**

*Cursul “Reading & Writing” (Student’s Book, Teacher’s Book) ofera diverse oportunitati de invatare, fiind structurat pe sechente unitare a caror continuitate este asigurata de concentrarea sustinuta asupra abilitatilor care fac obiectul cursului – lectura si redactarea unui text in limba engleza.*

Avantajul acestei modalitati de organizare a materiei este organizarea atenta si eficienta a informatiei referitoare la partea de lectura propriu-zisa si la cea de producere de text cu forma fixa, astfel incat insusirea notiunilor esentiale in practicarea acestor doua activitati de invatare sa fie structurata in mod echilibrat si sa permita o acumulare gradata si temeinica a materiei de studiu.

In mod concret, cursul este conceput pe nivele de studiu, obiectivele sale depasind prin complexitate exersarea deprinderilor propuse si apropiindu-se de obiectivele specifice unui curs eterogen, in care exercitiile de lexic, gramatica si conversatie au o pondere importanta in instruirea completa a elevilor.

Un atuu incontestabil al acestei propuneri pe piata materialelor educationale destinate orelor de curriculum la decizia scolii (extindere sau optional) se dovedeste, in consecinta, a fi faptul ca, departe de a fi exclusivist in concentrarea asupra unor anumite directii precise de invatare, cursul se distinge prin capacitatea sa de focalizare asupra acestor zone prioritare de interes care vor fi tratate cu seriozitate si profesionalism. Vor fi exersate abilitati de citire si intelegera a textului citit precum *skimming for gist, skimming for overall understanding, scanning, predicting a topic from visual prompts or clues, reconstructing a text, inferring, recognising word equivalences, jigsaw reading etc.*

In afara de mentionarea unor pasi concreti in construirea compunerilor literare cu forma fixa (*informal and formal letters, articles, leaflets, notices, interviews, stories, recipes, advertisements, postcards, film reviews, discursive essays, news or assessment reports* si multe altele), cursul ofera si modele concrete de astfel de texte sau structuri reunite sub titlul de “Paragraph Plans”, fapt care faciliteaza, in mod indiscutabil, intelegera si asigura o mediere eficiente intre produsul vizat si obtinerea rezultatului scontat.

Profesorilor le va fi oferita libertatea de a selecta intre diverse sugestii de teme pentru acasa, incurajandu-si elevii sa produca texte cu care se vor intalni, cu siguranta, in diverse situatii concrete dincolo de orele de curs. Astfel, monitorizarea permanenta a elevilor va inlesni acumularea unei experiente cu adevarat utile.

Prin intregul sau format, acest curs optional prezinta avantajul ca poate completa, cu succes, orice manual selectat spre studiu, devenind un material auxiliar agreabil si instructiv.
